Good news to have heard Tom saying, "I'm coming [attending the 40th reunion]!" Info from the Questionnaire, verbatim: "Went with Herbert M. and Morris I. to school in Kansas (2 years). Natividad, D.	Haiku	.	Big Island of Hawaii	Doraline, as she spells her name today, made last-minute plans to attend the 40th and sent in her form. We're so happy to hear from her and even happier to know that she was able to sit at one of the tables nicely decorated by Decorating Committee co-chairs, Laura & Gail and their helpers. Doraline, thanks for getting in touch with your classmates and rejoining the gang in October 2004! You looked beautiful and still the graceful lady, like we remember in high school. Doraline attended the birthday party in Vegas, celebrating all of our 60th birthdays and couldn't resist saving another seat for the 2007 Sept. Class Night Reunion.
Nemoto, D. "Dickie"	Paia	Naomi	Maui	Active in past reunions; grandfather to five. Retiree, Maui Electric. "Dickie" surprised the regular meeting gang on July 15, 2004 by his appearance, and you can see Richard being interviewed for HJP's commemorative DVD by MC Ron B., telling us about his hobby of restoring a '65 Mustang. Richard gets his "star" from the Class and attended the 40th-Year Reunion with spouse, Naomi K. (Class '65).

Nomura, Y. "Yoshi"	.	.	California	<p>NO LONGER MISSING. Yoshiharu or "Yoshi" is retired from Hitachi Corp. and plays tennis, skis, and has tried the webbed feet at surfing. After h.s. graduation, he studied at Illinois Tech (IIT), graduated, then spent one year at the Joint Institute of Laboratory Astrophysics at the Univ. of Colorado and then moved to Toronto for graduate work. He worked on a Ph.D in chemical physics and finished his thesis, but life got too hectic with a fiance about that time, so he didn't finish the Ph.D program. His professional positions include Software Engineer, promotion to Product Manager, Director of Engineering, and VP of IT &amp; Engineering. He's also been a Research Scientist in a laboratory and has taught chemistry, computer science, and math at the jr. college level. In Yoshi's quest to "acquire diverse skills and knowledge," he discovered the artistic side of himself and took up photography and landscape design. Someday, Yoshi plans to truly retire to Maui and renovate his house in Kuau. Here is the hyperlink to Yoshi's "Not-So-Green-Thumb" special Website which your CyberEditor was granted permission to share here: <a href="http://www.notsogreenthumb.org/">http://www.notsogreenthumb.org/</a>. Click the underlined hyperlink to discover much more about our own, modern "Renaissance Man" and world traveler. His photographs will astound you.</p>

Eileen said she likes to hike, bike, and volunteer her services at the local Arts & Cultural Center and the YMCA. She's also a member of the local Lion's Club. She's one classmate who knows keeping busy and involved also keeps her young! Eileen knows how to nurture the Class Ohana, too, and recently joined Gail, Carol, and Julie for a China trip. Did you know that Eileen is Dennis W.'s cousin? Stay nice and sweet, Eileen. Collected a couple of "stars" from the Class. Eileen is helping out with plans for the 2007 Class Night Reunion.

Did you know that P-san was a former karate and also tennis instructor? He is a 3rd-degree karate black belt holder who amazes his Class with his electronic/computer skills! There is nuttin' dis man can't do. Put your money down on that! Collected more than one "star" from the Class for picking pocketbook (Fay's)...then the tab for pupus, one meeting, and the dinner tab for another meeting, besides joining the ohana "Tree of Life," something featured at this site during the 40th Anniversary Reunion for those on the committee. He is practicing his golf swing with the club to try to get back into the game by January 2007 and is not as active with his computer in order to be able to practice his shots.</p> <p>Howard could use a good break to enjoy other activities. Stay in touch, Margie! Glad to give you your "star" at this site, and thanks for gracing the commemorative DVD, but how come you didn't pick up the karaoke microphone and serenade the gang like Terry "Bozo" G. or Lynn Y. did? Collected a "star" from Class. Margie had so much fun at the 40th that she made it a point to attend the 60th Birthday Reunion in Vegas in 2006. If Margie put her name on the "Coming List" for the 2007 Class Night Reunion, then you heard a possible rumor right here, folks!
Sato, L.	Spreckelsville	Charles	Maui	Chief Overseer at S. Manju\Saimin Store, next door to some classmates' favorite, Asian Star Karaoke hangout; lives in "nosebleed heights" of capital city (must be doing some good business with ono manju and noodle bowls). Lynne tells us that she pretty much studied side-by-side with Charlie and graduated from Fresno State University with him and taught at rival BHS, Kah. Intermediate, and Kihei schools. Lynne took over her parents' restaurant in 1980 and says they've been working hard ever since! See Charlie's scoop to learn more about their two children. Lynn and Charles can be seen on the 40th commemorative DVDs. T.U. to the couple for their generous cash donation to the Class, by the way! Collected a couple of "stars" from Class. Tomita, L.	Pukalani	Wayne	California	<p>Louise became a librarian; 3 children. Thanks for contacting the Class, Louise! It was so good to see you on the commemorative DVDs! Louise shares the following with us: Verbatim, here it is: "After graduation from UH Manoa in 1968 with a Bachelor of Ed degree, I spent 2 years in Japan working as a secretary and teaching English; returned to Honolulu and worked as a secretary for 2 years; studied in Texas for 2-1/2 years and received a Master's degree with focus on Preschool Ed; returned to Pukalani and directed preschool for 2 years. In 1976 I got married and had the challenge and joy of helping raise 2 daughters, Wendy (a teenager at the time, now married and working at Adobe Systems in San Jose) and Jill (an 8 year-old at the time, now married and reporter/anchor at KITV in Honolulu). In 1981 we welcomed the birth of our son Garrett (who graduated with a Master's degree in Library Information Technology). After being a stay-at-home mom for 15 years and volunteer at my children's schools, I became a school librarian 13 years ago and love working with children. Still waiting to be a tutu, but in the meantime, really enjoy traveling with my husband (who retired last year after 41 years with Japan Airlines). Our most recent travels have taken us to Russia, last summer, and Prague, last Fall. Looking forward to our trip to South America in July and, of course, to Maui in October. I'm so grateful to all of you who are working so hard to make the reunion a most memorable event. Mahalo a nui loa!"</p> <p>You're welcome, Louise. Toyama, I.	Pukalani	Paul	.	<p>Popped in at the Stardust Las Vegas reunion; Irene is "wired" daily, if she isn't already a retired ELECTRICIAN; hope to get more information from the Questionnaire form. Really waiting to hear about your latest activities, Irene, since the career you pursued gives women inspiration to try outside of the box. Hooray, we found our gal, and now she's going to be in our new Class "groove" and will get all the latest info right here or else from Howard P.'s communiques by email since Irene verified her email address. Irene and her hubby are "fun-busy" retirees, and they have the same penchant for Vegas like many of the KKKK or "kissin' kalabash kambling kuzzins!" She and her hubby have had a very busy 2004 year with traveling, weddings, fishing, and entertaining houseguests. However, Irene said they MUST get in those Vegas or Indian casino California trips between everything else! Stay in touch, Irene, now that we found you! The 43rd &amp; 44th persons to confirm their attendance at the 60th Birthday Reunion were Irene and her husband Paul. Ultimately, 53 people were in attendance at the birthday celebration.</p>

Collected a couple of "stars" from the Class--big effort to locate people, even calling parents! Nice job, Pam! In June, Pam notified the 40th Committee that she would attend the 40th, so we not only had a cute menehune at the event,</p>

				<p>but we also had a sunny smile to light up the place! Just check the commemorative DVDs! Keep up with the wheatgrass juice and rolfing massages--doing wonders for you! Pam has kept Webmaster up-to-date with much news on the health front for many years, but Pam is 20 years ahead of the pack! Who heard of wheatgrass juice 5 years ago, or rolfing (deep massage technique that hurts)? Pam did! Mahalo! Pam and hubby Ron now have two college grads under their belt, youngest son recently graduating in 2005. Reconnect, Pam!</p>

Elton joined the "Yamo Night" gathering on May 27 when Al or "Yamo" was in town. It's very good to know that we had Elton, a real smart and reliable man (we knew that about Elton as teens) participating in reunion meetings and signed up for the Entertainment &amp; Cleanup Committees, but how come Elton didn't pick up the karaoke mic, too? Elton has one grown child, a son who likely wore the college</p>

				cap & gown in 2005. Elton's son inherited the parental genes and is doing very well. Collected a couple of "stars" from the Class, one for joining the ohana "Tree of Life." Watanabe, T. "Tommy"	Kula	.	.	NO LONGER MISSING CLASSMATE; Julie recently located Tommy, who works for Aloha A..lines, and he indicated that he needs a year's notice for any future reunions to schedule time off, so we know that future reunions will have to be planned from at least the year before, especially the big 5-0 reunion! Tommy, contact us to get updated on the Class Database, maintained by Howard P.
Yamakawa, L. "Bobby"	Haiku	Sandy	Maui	40th Year Reunion committee participant; former Maui Karaoke Champion; joined the cyberworld on 3/22/04 (Al showed Bobby

Bobby "meats" the challenge!

how to untangle the email Net by getting Lynn his own email address); always a friendly face and all-around nice guy. Nice to know that Bobby has rejoined us here at this site by signing the guestbook and committing to future informal get-togethers! Good seeing you, Lynn, in the "Yamo Night" video email attachment from Platiro-san. Those who confirm their emails for the Class Database get to receive these HJP Production goodies from time-to-time, so be sure to contact the Committee like "Bobby" has done. From Lynn's returned reunion form, he tells us that he worked as a meat cutter for 32 years. He has one daughter and 5 grandkids. Bobby says, "I am now retired, with full disability." Lynn entertained the Class on Reunion Night with his "Up on the Roof" rendition, but we couldn't see his face since his back was to the camera. Mahalo to Lynn for participating in reunion planning meetings, especially the 2007 Class Night Reunion in September.

Yamashiro, A. "Al" or "Yama" or "Yamo"

Haiku

Yasuk

Michigan

Active retiree; former teacher. We remember Alan as a joking, fun guy and real smart, too. Al didn't have to think too hard about attending the big reunion because he was the second person to turn in the Questionnaire form, and verbatim, here is what Yamo shared: "UH (left before flunking out), BA SJS, Army, Teaching (5th year) SJS, MA SJS; ED Counselor, Okinawa, Education Services Officer, Korea, Alaska, MI; Director of Trng., MI,; Chief Material Fielding and New Equipment Trng., MI." Some friends are "fo' life," and Al proved that to his buddy Bobby, getting him set up with email while visiting Maui on his way to other destinations abroad. GOOD JOB, Al, getting Bobby connected! All the best to your family on the college graduation of your daughter and the marriage of your son, too! Al's wife attended the Big Night and can be seen accepting a door prize with Al in the commemorative DVD. Al collected a "star" from Class. Al and

Collected a "star" from the Class.

Yoshizawa, M. Spreckelsville Linda California NO LONGER MISSING CLASSMATE! Myron verified his email address and can now be on the Class Verified Email List for special Howard emails. Myron signed the guestbook and mentioned that he couldn't make our 40th because he and Linda were celebrating their anniversary in Vegas in August. Linda emailed Howard and shared some info. She said that Myron has his own business making custom pool cues (sticks) for the past 11 years and said, "His workmanship is excellent and beautiful." Linda works for an electronics company. Their son Terence is pushing 40 and is married. Myron and Linda have two "hapa-haole" grandsons. Their daughter has an "all girl" band in her 30s and plays the drums. Her dad recently bought a '66 El Camino and is restoring it. Perhaps Myron is pau with the El Camino. Thanks to Linda for sharing their news. Linda is a Baldwin grad, by the way, and knew Howard&Fay during "The Penetrations" band years when they all hung out together for practice sessions. Myron was one of the band members who was featured on the former "Time Capsule" page (closed). Looks like the music genes got perpetuated in his daughter! Myron received his "star" from the Class for donating to the Class Account by ordering Howard's commemorative DVD. Myron and Linda drove through the desert to rejoin old friends for the 60th Birthday Reunion in Vegas

Spreckelsville
