The Aloha Spirit Law is an ACTUAL law "on the books" in Hawai`i, encoded in the Hawai`i Revised Statutes, section 5-7.5 and acknowledges that **The Aloha Spirit** "was the working philosophy of native Hawaiians and was presented as a gift to the people of Hawai`i." All citizens and government officials of Hawai`i are obligated by law to conduct themselves in accordance with this law, while performing their duties and obligations, as well as in their day-to-day living. Likewise, those visiting our fair islands are expected to conduct themselves in accordance with this Hawaiian law.
